Swanage marks the start of the world famous Jurassic Coast, which stretches from 'Old Harry Rocks' at Ballard Down, east of Swanage Bay, all the way down to Exmouth in Devon. Swanage Coastal Park is situated just one mile from Swanage town centre featuring walks through the parks & gardens; the Swanage Railway; and the coastal path. Just a short 10 minute drive away is the pretty village and mediaeval castle at Corfe.

Swanage Coastal Park is one of our most un-commercialised parks and based on feedback from our visitors we aim to keep it that way. The Park is unashamedly designed to offer peace and quiet so that you can relax and unwind from the pressures of daily life. You won't find a Leisure Club, tennis courts or a swimming pool. What you will find is a real 'back to nature' atmosphere where the pace of life is noticeably slower. Simply relax and enjoy the fantastic views over Swanage Bay and the Purbeck Hills-It's truly spectacular!

The Jurassic Coast, is renowned for its safe golden sands, Blue Flag beaches, stunning coastline, delightful countryside and first class visitor attractions. The whole coast is a treasure trove of fossils of all types.
